- **Would you like to set your own schedule and be your own boss?**
- **Would you like to spend more time with your family?**
- **Do you have a product or service that is not offered in the market?**

If you answered yes to any of these questions then you have the same entrepreneurial spirit that has helped to create over 98% of all businesses in Washington State and over 95% of all new job growth in the last two years.

Whether you want to sell items from your garage on EBay, would love to open a spa and wellness center, or just have an idea for the next great product or service, starting your own business has its advantages and we'll show you what they are.

Our course is designed to teach you how to break away from the daily grind and start your very own business in less than 24 hours and for less than \$100.

We've partnered with the City of Seattle to offer this course for just \$39, and you can attend either of two convenient dates:
